Choosing Between Group and Individual Projects

Students can choose to work as individuals or in groups of 2-5 students in the website, documentary, exhibit, and performance categories. The historical paper category is only for individuals. If students choose to work in a group and meet in-person, they should be sure to follow health and safety guidelines from their school, county, and state.

Historical Papers

Paper category students should review the NHD Rule Book to ensure they do not miss any important rules and requirements for their category: [NHD Rule Book](#).

Once the student has finalized their paper, they should combine all required parts into one document in the following order: **Title Page, Process Paper, Historical Paper, and the Annotated Bibliography** at the end. They should then **save the final version as one PDF file** with their first and last names, followed by the contest level. For example, John Smith should save his regional contest paper as **johnsmithregional.pdf**. If the student qualifies for the state contest, he should save his state contest paper as **johnsmithstate.pdf**.

The file must be uploaded in the ZFairs Contest system by the submission deadline.

Important contest planning note! Students will be required to upload their final PDF file to the Entry tab within their profile to the contest registration system by the submission deadline. Do not wait until the last minute to start uploading the project.
